

Black Label Society, We Live No More

You say you don't know what it's all about
Just look around you'll see there is no doubt
The worms and maggots gather for the feast
An endless slave behind your belief

Choose what you wish to believe
Choose what you wish to see
The hatred one can't ignore
Let the gathering begin
For we live no more

You can't erase the past that will not die
Life's countless suffering
Your countless lies
Dead and buried
Peace, yet you turn away
Hate on hate was born here to stay
