

Black Light Burns, One Of Yours

Suck on myself,
Into believing that I'm doing the right thing
I think of your face,
And I pretend that I'm not alone

I'm lining up,
All the love, and the trust and the good things
But there's a hole in my heart,
Where I once kept a piece of home

What if one of yours turned a color
You didn't mean for it to be
And what if one of yours became another
Would you hear it say

Let me go
This isn't what I wanted
I can't be here anymore
Let me go
This isn't what I needed
I can't exist here anymore

I've been thinking about my money
And now I gave it all away
I've been thinking about the people
And now I shouldn't never let them stay

I've been thinking about how I always,
Had to write just one more song
Well you know me, and that I'll never change
But I meant it well all along, and I was wrong

What if one of yours turned a color
You didn't mean for it to be
And what if one of yours became another
Would you hear it say

Let me go
This isn't what I wanted
I can't be here anymore
Let me go
This isn't what I needed
I can't exist here anymore

Replace the silence with deafening sound
Send away the people,
I want no one around

This is my greatest mistake,
I hope you realize
I die every time I look in your eyes

What if one of yours turned a color
You didn't mean for it to be
And what if one of yours became another
Would you hear it say

Let me go
This isn't what I wanted
I can't be here anymore
Let me go
This isn't what I needed
I can't exist here anymore
