

# Black Lips, Dirty Hands

Well be together  
Cause I really want is you  
Well be forever  
Cause I gotta stick with you  
Im wearing leather  
And I really think its cool  
Well do whatever  
Cause your gunna do, what you wanna do.  
(Hands)  
Do you really wanna to hold my dirty hands  
Do you really wanna to hold my dirty hands  
Do you really wanna to hold my dirty hands  
Do you really wanna to hold my dirty hands  
Me and bobby went to the beach this summer  
We built castles in sand, and smoked dope by the water  
Then I got a tattoo of a dolphin on my belly button  
And bobby got a tattoo that said panama city beats 3003  
(Whatever)  
Cause I really want is you  
Well be together  
Cause I really want is you  
Well be forever  
Cause I gotta stick with you  
Im wearing leather  
And I really think its cool  
Well be together  
Cause your gunna do, what you wanna do  
(Hands)  
Do you really wanna to hold my dirty hands  
Do you really wanna to hold my dirty hands  
Do you really wanna to hold my dirty hands  
Do you really wanna to hold my dirty hands
