

Black Lips, Italian Sexual Frustration

Never going to get it anytime, anywhere
Italian sexual frustration
These situations confine me
Italian sexual frustration
All they ever do is sit and stare everywhere
Italian sexual frustration
I put the situation behind me
Italian sexual frustration
Ill cut your balls off and Ill send them to your mom
You better learn to listen up, all you ever do is steer me wrong
I can see you all day long but it doesn't mean a thing at all
I can say anything I want because I'm never going to get along
Not gunna go to school for my mom or my dad
Italian sexual frustration
Do what I want when I find my own pad
Italian sexual frustration
I'd be angry and say fuck the world all the time
Italian sexual frustration
Come on, bail me out, where's my mom, make me cry
Italian sexual frustration
Ill cut your balls off and send them to your mom
You better learn to listen up, all you ever do is steer me wrong
I can see you all day long but it doesn't mean a thing at all
I can say anything I want because I'm never going to get along
