

Black Rebel Motorcycle Club, Took Out A Loan

I took out a loan on my empty heart, babe
I took out a loan for my patient soul
And I feel alive as long as I dont need you
And I feel alive as long as I keep hold

I took out a loan on my empty heart, babe
I took out a loan for my patient soul
And I feel alive as long as I dont need you
And I feel alive as long as I keep hold
Of what I think I thought I heard you loved me
I think you thought you heard I loved

Have I been mistaken
Have I been mistaken
I feel confused about the way its done

I wont be denied
Im coming in this time, babe
Ive fallen in love with your creatures soul
And Ive been a witness to your sickest obsession
And I feel alive as long as I keep hold
Of what I think I thought I heard you loved me
I think you thought you heard I loved

Have I been mistaken have I been mistaken
I feel confused about the way its done
