

Black River, Abyss

chaos in my soul
mess in my head

the breathe of dead
is my reality

my breathe I take
another ...

I'm like I'm living dead
I'm like I'm living dead
I only walk in the cave
we don't care
I'm like I'm living there
I'm like I'm living there
I only walk in the cave

..
wanna defat

I am to be someone
better than you are

the breathe of dead
is my reality

I now remember
there was no sanity
everything my mother said
was different for her needs
I didn't feel the truth
I avoid the delight
I must deserve the love
everything has a prices
the whole my love is need
it's all fucked up
I hole that time this abyss is dream
