

# Black Sabbath, A National Acrobat

I am the world that hides  
The universal secret of all time  
Destruction of the empty spaces  
Is my one and only crime  
I've lived a thousand times  
I found out what it means to be believed  
The thoughts and images  
The unborn child that never was conceived

When little worlds collide  
I'm trapped inside my embryonic cell  
And flashing memories  
Are cast into the never ending well  
The name that scorns the face  
The child that never sees the cause of man  
The deathly darkness that  
Belies the fate of those who never ran

Well I know its hard for you  
To know the reason why  
And I know you'll understand  
More when it's time to die  
Don't believe the life you have  
Will be the only one  
You have to let your body sleep  
To let your soul live on

Love has given life to you  
And now it's your concern  
Unseen eyes of inner life  
Will make your soul return  
Still I look but not to touch  
The seeds of life are sown  
Curtain of the future falls  
The secret stays unknown

Just remember love is life  
And hate is living death  
Treat your life for what it's worth  
And live for every breath  
Looking back I've lived and learned  
But now I'm wondering  
Here I wait and only guess  
What this next life will bring
