

# Black Sabbath, Killer of giants

I.

If none of us believe in war  
Then can you tell me what the weapon's for  
Listen to me everyone  
If the button is pushed  
There'll be nowhere to run  
Giant's sleeping giant's winning  
Wars within their dreams  
Till they wake when it's too late  
And in God's name blaspheme

Chorus:

Killer of giants threatens us all  
Mountains of madness  
Standing so tall  
Marches of protest  
Not stopping the war  
Or the killer of giants  
The killer of giants

II.

Mother nature people state  
Your case without its worth  
Your seas run dry  
Your sleepless eyes  
Are turning red alert

Chorus (modified)

Killer of giants  
Threatens us all  
Mountains of madness  
Standing so tall  
Rising so proudly it has  
Nowhere to fall  
This killer of giants  
This killer of giants  
Chorus(also modified)  
Killer of giants threatens us all  
Mountains of madness  
Standing so tall  
Marches of protest  
Not stopping the war  
Oh the killer of giants  
Oh the killer of giants  
Killer of giants  
Killer of giants
