

Black Stone Cherry, Sunrise

I gotta hold on
As these days go by
I keep on falling
You walk away

I give you everything
That I have to give
Made my sacrifice
But you won't let me live
Love is so
You've got me wrapped around
Your prison ball and chain

I gotta hold on
As all these days go by
Hold on
Baby, yeah
Cause I'm on falling
And you keep on
Walking away
And I cannot see
The sunrise, yeah

You can never tell
What you're gonna be
Cause you're so obsessed
With your personality
Love is so sick
And you know god is wrong
You think you're something
Something from above

I gotta hold on
As all these days go by
Hold on
Baby, yeah
Cause I'm falling
And you keep on
Walking away
And I cannot see
The sunrise

-Solos-

I gotta hold on
As the days go by
Hold on
Baby, yeah
Cause I'm falling
And you keep on
Walking away
And I cannot see the
I gotta hold on baby
As the days go by
I keep falling
And you keep on
Walking away
And I can't see
The sunrise
