

Black Stool, Anise

Your pale flower
Rotting petals fall do the dirt
I know you are dirty inside too
We'll find out
We will see who's dirty
Anise!

I brought you up
From the dark
Out of the dirt
We dance alone
I know you are dead inside too
We'll find out
We will see who's dirty

I found you with dirt inside you
So dry you muddied up for me
Knee deep
You pull me in
The stench
Anise!
