

Black, Too Many Times

I want you,
I want you,
for everything you do,
you do
to take a piece.
I need you,
I need you,
'cause everything you do
is right on cue
to take a piece.
You're my find
but I'll take my time
until your eyes
have dimmed from hot
to soft and mellow.
You tease me
to please me.
Like everything you do,
you do
to take a piece.
(solo)
You are like a team,
a vixen queen.
You turn my spine
from diamond hard
to soft and yellow.
And I want you,
I want you,
for everything you do,
you do
to take a piece.
Everything you do,
you do
to take a piece.
For everything you do,
you do
to take a piece.
