

# Blackfoot, Goin' In Circles

I've laid alone in bed most everynight  
I'm havin' dreams of you  
Been hearin' things about you, I don't wanna know  
Tell me woman it ain't true

You got me goin' in circles  
I'm runnin' all around  
You got me goin' in circles  
Round and round and up and down

You say forever, I think it's now or never  
My heart is in your hand  
Drop it on the floor, step on it once more  
You're so hard to understand

You got me goin' in circles  
I'm runnin' all around  
You got me goin' in circles  
Round and round and up and down

You got me goin' in circles  
I'm runnin' all around  
You got me goin' in circles  
Round and round and up and down

You got me goin' in circles  
I'm runnin' all around  
You got me goin' in circles  
Round and round and up and down, I'm dizzy woman

You got me goin' in circles  
I'm runnin' all around  
You got me goin' in circles
