

Blackfoot, Goin' In Circles

I've laid alone in bed most everynight
I'm havin' dreams of you
Been hearin' things about you, I don't wanna know
Tell me woman it ain't true

You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
Round and round and up and down

You say forever, I think it's now or never
My heart is in your hand
Drop it on the floor, step on it once more
You're so hard to understand

You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
Round and round and up and down

You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
Round and round and up and down

You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
Round and round and up and down, I'm dizzy woman

You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
