

# Blackhawk, I'll Always Love You

All of my life  
I've been waiting for you  
Night after night  
I've been praying for you  
Now that you're here I believe  
You're the one in this world meant for me  
The one every dream was about  
The one that I can't live without

All of my life I've been waiting for you  
All of my love I've been saving for you  
Wild and tender to you I surrender my heart  
You touch me and time has no meaning at all  
The longer I hold you the deeper I fall  
I'll cherish the moment I knew  
I'll always love you

My search for you  
Found us here where we are  
As the last wish was made  
On the last falling star  
Forever and ever I'll be  
Loving you the way you love me

All of my life I've been waiting for you  
All of my love I've been saving for you  
Wild and tender to you I surrender my heart  
You touch me and time has no meaning at all  
The longer I hold you the deeper I fall  
I'll cherish the moment I knew  
I'll always love you

Always, always

All of my life I've been waiting for you  
All of my love I've been saving for you  
Wild and tender to you I surrender my heart  
You touch me and time has no meaning at all  
The longer I hold you the deeper I fall  
I'll cherish the moment I knew  
I'll always love you

I'll always love you  
I'll always love you  
I'll always love you...
