

# Blackhawk, Like There Ain't No Yesterday

I been livin' my life like a man in chains  
ever since she took her love away.  
But this is now and that was then,  
and baby all bad things gotta come to an end.

So tonight I'm throwing caution into the wind,  
gettin' down to the business of living again.  
Back in the saddle and I'm holdin' the reins,  
gonna find someone and love her like there ain't no yesterday.

Well it's dark as a dungeon down where I been.  
And there ain't no way I'm goin' back again.  
I got my best foot forward onto greener grass,  
'cause there ain't no future living in the past.

So tonight I'm throwin caution into the wind,  
gettin' down to the business of living again.  
Back in the saddle and I'm holdin' the reins,  
gonna find someone and love her like there ain't no yesterday.

Out of the ashes, alive and free,  
no longer a slave to a memory,  
got the rest of my life right out in front of me...

So tonight I'm throwin caution into the wind,  
gettin' down to the business of living again.  
Back in the saddle and I'm holdin' the reins,  
gonna find someone and love her like there ain't no yesterday.

Tonight I'm throwin caution into the wind,  
gettin' down to the business of living again.  
Back in the saddle and I'm holdin' the reins,  
gonna find someone and love her like there ain't no yesterday.
