

Blackhawk, Love Like This

A king would trade his finest crown
For a love love like this
And warriors have laid weapons down
For a love love like this
Hearts will break a thousand times
For a love love like this
And arms will wait a thousand nights for a love
Love like this

Love may come and love may go
But here inside your arms I know
That only you will ever show me
Love like this

You and I have finally found
Love love like this
A place to lay our burdens down
In a love love like this
Hearts can speak without a sound
In a love love like this
What makes the world keep turnin' 'round
Is a love love like this

Love may come and love may go
But here inside your arms I know
That only you will ever show me
Love like this

The moon has never shown before
On a love love like this
And I have never wanted more than a love
Love like this
A love love like this
A love love like this
