Blackie And The Rodeo Kings, Had Enough Of Y

(Wilson/Potvin/Vulama)

Im ugly, Im lazy Im always there to take the blame Im a drag but youll never find out Just push me around and III walk away

Im a genius, I cant get straight Theres supernatural in my hair Space invaders all around me Freak me out when I get down there

Im getting lost before I get found out Im getting old before my time And its too late

Chorus
So shut up III give up when I want to
Just shut up Im not listening to you
Say anything cause it dont mean nothing
Ive had enough of you today
Ive had enough of you today

Now dont try me, Im so turned on Im in the game to break some eggs Im not a loser Im a time bomb A superstar that always gets his way

Chorus
