

# Blackjack, Burden Of Freedom

What you want, what you get  
It's not a lot for the money you spent  
How am I gonna buy  
Ain't got no money for the rent  
Poverty is burdening It's not when you're rolling in green  
Humour me, don't bother me oh please  
I feel, I see, I need, Burden of Freedom  
Put it in the words agenda  
The Burden of Freedom  
Burdened by the time you try  
Doesn't matter till the day that you die  
Seeing who's that good to you  
You're troubled by a burden to you  
Stealing is healing  
It's not when the hunger gets mean  
Humour me, don't bother me oh please  
I feel, I see, I need, Burden of Freedom  
Put it in the words agenda  
The Burden of Freedom  
It's too late to hesitate  
Clocks ticking every second you wait  
Who will shoot burn the loot  
It's tempting bearing your fate  
Burning is yearning  
We schooled but we're still learning  
Humour me, don't bother me oh please  
I feel, I see, I need, Burden of Freedom  
Put it in the words agenda  
The Burden of Freedom
