

Blacklisted, 3800 (We're Unstoppable)

You were my old, you were my new
I can't help but love you
Feelings borrowed I always knew
Now I'm just stuck with the blues
The good, the bad, the in between
All the times you believed in me
You've thrown it all away
I can't believe I'm losing you
(I can't wallow in my losses)
Left with time and nothing to say
I guess it's time to face the facts
I'll save the f**king straws that broke my back
I'm trying
I'm trying
I'm trying to give up on regret
I'm trying
I'm trying
I'm trying to learn to forget
