

Blacklisted, Life Moves On

Going through the motions
Can't turn back time
I've lost all devotion
I've had inside
Like anyone I've learned to play like I'm blind
I've learned to believe I'll always get by
So many times I've wished my emotions would just give in
So I could be anything
Anything but human
Like anyone I've learned to play like I'm blind
I've learned to believe I'll always get by
Life moves on or so I'm told
Life moves on when you're gone.
