

# Blackmail, Speedluv

no time for hide and seek  
give me love and give me speed  
needless to say what i mean  
woke up on the wrong side of the bed  
fix a point at the top of my head  
I feel there's inbetween  
there's no relieve  
it's no big deal to handle me

when the morning awakes  
and the sun is tickling the day  
I see you lying next to me  
I'm lying right next to you  
you've been haunting me  
with a glimmer of your grace  
you tear down my empathy  
you know you're enlightning me

a step forward and two steps back  
what you see you might never get  
i'm breathless down on my knees  
you lift me up  
no, it can't be wrong  
ti lick the sugar from the tip of my tongue  
it seems so clear that you're all I need  
no one else  
can show me what I want to see

when the morning awakes  
and the sun is tickling the day  
I see you lying next to me  
I'm lying right next to you  
you've been haunting me  
with a glimmer of your grace  
you tear down my empathy  
you know you're enlightning me

no time for hide and seek  
gimme love and give me speed
