Blackmore's Night, Mid Winter's Night (Live Acoust

Mid winters night (Live Acoustic Version) (1st part in Provencial French)

The bells are ringing On Mid Winters Night The moon sets all alone And once again I try to sleep before the morning light

Too soon the sun will come a-calling over the hills in our little town Too soon the snow will start falling over the world without a sound While in my room dreams are a-fleeting I close my eyes one more time All too quickly the dawn is breaking and I must leave the night behind.

The bells are ringing On Mid Winters Night The moon sets all alone And once again I try to sleep before the morning light

The bells are ringing On Mid Winters Night The moon sets all alone And once again I try to sleep before the morning light And once again I try to sleep before the morning light before the morning light before the morning light
