

# Blackstreet, Candlelight Night (Interlude)

Hey Love,  
Tonights the night,  
We have our candlelight night  
So I'm gonna give you all of my lovin' baby  
'Cause words cant express the way I'm feelin' bout you.  
So let's just take our time,  
and slow it down.  
Slow it down, take our time, I'll be yours, and You'll be mine,baby, on our  
candlelight night.(2x)  
Yeah, tonight's the night.
