[Mark]

Hey, whassup?

This is Mark

I'm not in right now

So leave a message

And I'll get back to you as soon as possible

Peace

[Lucille Middleton]

Hello, Mark

I know you're not there but

I know that you love the Lord

And I remember when you was a little boy

You used to love music

And you loved to just play

And I always knew that you would make it

As long as you stuck with the Lord

Cuz God is here to do the things that fail

And I knew he have all power, He's peace

And I knew that you would do good

With your new group

So I'm prayin' for you and your group

That I know that God'll always will bless you

As long as you keep your head in His hands

[Ella Mae Williams]

Eric

There is one thing I would like to say to you

Whereever you go

Whatever you do

Whatever you say

Remember to put God first

And I know one day

You will be back home

After you finish sayin' this Rock and Roll

[Mildred Riley]

Teddy

You came a long way

You went the wrong way

But then God see fit to put in my heart

To bring you back the right way

And to tell you the right things to do

And so far, you have prospered through your music

Because you been playin' music for a long time

And you played all the way through church

I always tell you that God

Was gonna bless you one day

And God have blessed you

He have blessed you with sound and music

Through your heart, through your finger

Through your mind

And through the love that you share with other people

And it only come from being well mannered

And respect

And regardless of what song you sing

You can sing Gospel, you can sing Rock and Roll

God gave you that song to sing

And every song He gave you so far

It became a hit

And you've been blessed with these songs

So you keep on singing these songs

And you keep on praisin' the Lord

And for each thing that you do

You thank Him
Because without God, you can't do nothing

[Ada McKenzie]

Chauncey

I want you to thank God
For where God has brought you from
He has brought you from a mighty long way
You has been born with a special gift with a message
And I don't want you to forget
Where God has brought you from
You has been singing ever since you was a little boy
By listening to Sounds Of Music as a baby
And listening to a reecord player
You would pick up the sound and repeat what you hear
At that time, we noticed that you had a gift by God
But you been through a hard time struggling
Through your career
But you kept pressin' on
You never gave up on your dream
And I thank God for the effort that you have made
You have been obedient
You have been singing in the church at an early age
And you have been honoring your parents for a long time
And you have learned how to respect people
But I want you to continue to do that
Don't never forget where you came from
And don't never forget what your father have taught you
He have taught you how to attend church on Sunday morning
And how to treat your brothers and sisters
And he have taught you how to share with people
I want you to always remember that God loves you
And I love you too
Always remember to do good
Do right and be great
And the Lord will bless you
Because the Lord is real

[Blackstreet]

Amen, I truly do think the Lord is real
And I think you know, if it wasn't for Him
We wouldn't be where we at today
We wouldn't be able to do any singing, anything
So I think it's about time for us
To give unto the Lord
It's time to make that change
And we gotta do it now

That's right
Because the Lord is real
Let's go
