

Blade, The Consequence

You lost
And hence
Time to face the consequence
Loser
You lost
Time to face the final cost
Chorus:
There is no debt
In this situation
You owe it all now
Without explanation
You run
And hide
You will still have to pay the price
You bleed
And crawl
And down a mountainside you fall
Chorus
You made a bet
There is no debt
You must pay now
I don't care how
Chorus
Don't make
Promises
You can't keep....
