

Blade, Undertow

(intro):

Hey you,
You used to be my lover didn't you?
Let me tell you how I've been
Hey you,
Of all the things you put me through
I don't know where to begin
Ever since the day you left me
My life's been burned and ri-i-ipped
Feels like you've torn out my insides
You've thrown me in this pi-i-it

Chorus:

I did it all for you
But you didn't care
No

I did it all for you
But you didn't care
No, did you?
I tried to feed you sympathy
I tried to feed you gre-e-eed
But I guess my soul wasn't enough
What do you want from me-e-e

Chorus

All my life
You held me down
You wrecked my mind
You broke my crown
All my life
You held me low
Trapped under your...

Undertow

You left me for your girlfriend
You used to be my girl-ir-irl
But now I wish that you were dead
So stay out of my wor-or-orld

Chorus
