

Blake Babies, Tom & Bob

Tom and bob, they are cool
Should open a tom and bob school
Because then everyone could learn the way?
To squeeze fun out of every day.

They put bandanas in their hair and they think in a way that's all too rare
At least from the parts where I come from
Which make tom and bob stick out like a silver thumb, like a silver thumb

Tom and bob they are good

I wish everyone could be so good
They are cool, but they aren't rich
They could be rich lived in a ditch

In a dreaan they came to me
Holding their arms for me to see
When I opened my eyes they weren't gone
And now we're gonna make some songs,
We're gonna make some , do do ... ba ba
