

Blake Shelton, Good Ole Boy, Bad Old Boyfriend

Baby, baby, baby
He's got you cryin' again
Baby, baby, baby
He's got you cryin' again
He's a good old boy but he's a bad old boyfriend.

I know that he loves you
Looks like he's show it now and then
I know the he loves you
Looks like he'd show it now and then
He's a good old boy but he's a bad old boyfriend.

He kicks off his shoes throws down his coat
Opens a beer, grabs the remote
You're never heard, you're never seen
A joker don't deserve a queen.

Baby, baby, baby
Why don't you just get rid of him (Tell him to go)
He's a good old boy but a bad old boyfriend (That's right.)

He makes you cry, I'll make you laugh
He rubs you wrong, I'll rub your back
You're never heard, you're seldom seen
A joker don't deserve a queen.

Baby, baby, baby
Why don't you just get rid of him (Bye Bubba)
He's a good old boy but he's a bad old boyfriend
He's a good old boy but he's a bad old boyfriend
Good old boy, bad old boyfriend
