

Blame It On Rio, From The Beginning

Just shut your blood soaked eyes...

Start this from the beginning
but I don't like where this may begin
Now shut your eyes
I won't be your friend rather I'll be an enemy
One that will make you want to die

To me, to me, to me, you are my greatest fear
But I'm scared to death of never knowing fear
And I want the best for you and for you to love me too
Shut your eyes, we'll bleed tonight
We'll bleed tonight

Start this from the beginning
But I don't like where this may begin...
Dragged away...

To me, to me, to me, you are my greatest fear
But I'm scared to death of never knowing fear
And I want the best for you and for you to love me too
Shut your eyes, we'll bleed tonight

I'm always right
Wouldn't it be nice if we could be
Then we wouldn't have to wait so long
Wouldn't it be nice if we could live together?
In a kind of world where we belong

To me, to me, to me, you are my greatest fear
But I'm scared to death of never knowing fear
And I want the best for you and for you to love me too
Shut your eyes, we'll bleed tonight
We'll bleed tonight
