

# BLANKA (PL), Cara Mia

I got a thing for you  
You got a thing for me  
Losing my mind  
I got a lot to say  
Boy, you're not listening  
Driving me wild

So should I talk less and act a little difficult  
Kill my interest for you to want you chase me, baby  
Shades on to make you feel invisible  
When the truth is I just want you to love love love me

Baby, I want to see ya  
Make you my Cara Mia Mia Mia  
So if you want me, let me know  
Before I lose control  
I want to see ya  
Make you my Cara Mia Mia Mia  
So if you want me, let me know  
Or else I'm gonna go  
My Cara Mia  
Or else I'm gonna go  
My Cara Mia

Under the disco lights  
Traveling side to side  
Teasing my eyes  
You're playing hard to get  
Spinning me like roulette  
Wasting my time

So should I talk less and act a little difficult  
Kill my interest for you to want you chase me, baby  
Shades on to make you feel invisible  
When the truth is I just want you to love love love me

Baby, I want to see ya  
Make you my Cara Mia Mia Mia  
So if you want me, let me know  
Before I lose control  
I want to see ya  
Make you my Cara Mia Mia Mia  
So if you want me, let me know  
Or else I'm gonna go  
My Cara Mia  
Or else I'm gonna go  
My Cara Mia  
My Cara Mia  
My Cara Mia  
Or else I'm gonna go
