

# Blanks 77, Are We Having Fun Yet?

Talkin' shit about unity  
you don't practice what you preach  
turn around, stab me in the back  
we'll see who has the last laugh

[Chorus:]  
are we havin' fun yet?  
you're the ones who  
know how to pose  
as long as you're wearin'  
the right clothes  
always searchin'  
for the spotlight  
but you never got it right  
are we havin' fun yet?  
spread your rumors, spread your lies  
punk rockers learnin' how to die  
you're all talk, but where's the action  
you won't get no satisfaction  
Are we havin' fun yet?
