

Blanks 77, Get Out Alive

Pleased to meet a, sez the man in the suit
contract in hand what ya gonna do
your image will sell if it's just done right
just sign on the line, dont put up a fight
Piranha in the ocean eatin' you alive they've taken control can you survive
Look in the mirror, now what do you see
who's the fool looking back at me?
money's gone and so's the fame
don't look far to see who's to blame.
