

Blanks 77, I Don't Wanna Be

no one cares when your in the city
dreams are smashed and life aint pretty
you think you live in a fucked up place
another rat runnin' in the race

[Chorus:]

I don't wanna be
no I dont wanna be
Don't wanna be just another face

Get outta my way - no time for you
thats the attitude on the avenue
I push and shove just to get my way
cause tomorrow's only a day away
