

Blanks 77, Party Train

I barely make it home by 5a.m.
I'm at work at 8 no sleep again
boss says you got work to do
if it ain't done, then you're thru
I can't take this constant pressure
tonight's gonna be a whole lot better

(Chorus:)
party train is on the loose
party train, gonna get some booze
party train, party train
party train starts in the caboose
Room is spinnin' round, it's outta control
what i need right now is alcohol
money's gone and I got no friends
but my party never ends
think i'll take a walk downtown
say who's gonna buy the next round?

(Chorus)
