

# Blaqk Audio, I Fear Of Being Found

I have been a world apart  
Stuck in between time  
Head into the ground I'm found  
Falling through fault lines  
I feel see through  
Can you see through me?  
Could I change one thing?  
Could I change your mind?  
Shall we burn it just like the last time?  
I can't change a thing, can't explain why I never felt it  
Not even the first time  
Raise a glass and toast the flame  
Just like the old days  
Swallow, but be careful, don't drown  
Thenew ways you could say  
Would you change this time?  
I'll being to change my mide  
When you can explain why  
I feel see through  
Can you feel me?  
Could I change one thing?  
Could I change your mind?  
Shall we burn it just like the last time?  
I can't change a thing, can't explain why I never felt it  
Not even the first time  
Shall we?  
Nothings different  
Shall we?  
Nothings different  
Shall we?  
Nothings different  
Shall we?  
Nothings different  
Could I change one thing?  
Could I change your mind?  
Shall we burn it just like the last time?  
I can't change a thing, can't explain why I never felt it  
Not even the first time
