

# Blaq Audio, Wake Up, Open the Door and Escape

Please catch me now  
I'm lying  
You taught me how  
How it can feel like love  
Just catch your breath  
We'll dive in  
And our descent  
Will somehow feel like life goes

Oh, my, my  
You're oh so sly  
Let's leave unsaid  
What's left unspoken

Please hold me now  
I'm freezing  
God tell me how  
We ever got this cold

But, oh  
My, my, you're oh so sly  
Let's leave unsaid  
What's left unspoken  
And oh, my boy  
You're oh so coy  
Let's just pretend  
That nothing's broken

We'll censor the ending  
For me  
For you.

But,oh  
My, my, you're oh so sly.  
Let's leave unsaid  
What's left unspoken  
And oh, my boy  
You're oh so coy  
Let's just pretend  
That nothing's broken

But,oh  
My, my, you're oh so sly.  
Let's leave unsaid  
What's left unspoken  
And oh, my boy  
You're oh so coy  
Let's just pretend  
That nothing's broken
