

Blaq Audio, Wake Up, Open the Door and Escape

Please catch me now
I'm lying
You taught me how
How it can feel like love
Just catch your breath
We'll dive in
And our descent
Will somehow feel like life goes

Oh, my, my
You're oh so sly
Let's leave unsaid
What's left unspoken

Please hold me now
I'm freezing
God tell me how
We ever got this cold

But, oh
My, my, you're oh so sly
Let's leave unsaid
What's left unspoken
And oh, my boy
You're oh so coy
Let's just pretend
That nothing's broken

We'll censor the ending
For me
For you.

But,oh
My, my, you're oh so sly.
Let's leave unsaid
What's left unspoken
And oh, my boy
You're oh so coy
Let's just pretend
That nothing's broken

But,oh
My, my, you're oh so sly.
Let's leave unsaid
What's left unspoken
And oh, my boy
You're oh so coy
Let's just pretend
That nothing's broken
