

# Blaque, Can't Get It Back

It don't get no better than this come on  
Blaque is back again  
Salaam hit 'em

Gave you my love and I can't get it back  
Gave you all of my time and I can't get it back  
Now the ring that you gave me  
You can't have it back  
Cause this shit's not going down like that

Gave you my time and I can't get it back  
Gave you all my love and I can't get it back  
Now the things that you gave me  
You want them back  
But this shit's not going down like that

Verse one when we begun  
You know you have a sista on sprung  
When we hung  
Cause a brotha was nice with his tongue  
As we played every day  
You always knew, just what to say  
As we laid and planned to go to Paris the very next May  
As time moved on, we were torn  
You used to love me from dusk 'till dawn  
Now you trippin' from night till morn (wha what, wha what)  
You changed your song  
And you can no longer keep me warm  
Cause the loving we shared was gone (bye bye)

Cause you better know  
That you can't get it back  
What you put in this relationship  
I'm telling you so  
Cause I can't get it back  
All my kissing and loving and hugging  
So I'm telling you

Gave you my love and I can't get it back  
Gave you all of my time and I can't get it back  
Now the ring that you gave me  
You can't have it back  
Cause this shit's not going down like that

Gave you my time and I can't get it back  
Gave you all my love and I can't get it back  
Now the things that you gave me  
You want them back  
But this shit's not going down like that

Come On

Verse two, now we're through  
Up, out my life and away love flew  
And it's cool  
Put the glass shoe on another young fool  
Cause I had slept  
While you crept  
Can't take the heat so away you step  
Now upset  
And don't come back for nothing that you left  
I gave you my all  
But if it's too small  
I can't call

Cause every playas got to ball  
As seasons change  
You couldn't hang  
But if you think your coming back for this ring

Then you better know  
That you cant get it back  
What you put in this relationship  
I'm telling you so  
Cause I cant get it back  
All my kissing and loving and hugging  
no not feeling you

Gave you my love and I can't get it back  
Gave you all of my time and I can't get it back  
Now the ring that you gave me  
You can't have it back  
Cause this shit's not going down like that

Gave you my time and I can't get it back  
Gave you all my love and I can't get it back  
Now the things that you gave me  
You want them back  
But this shit's not going down like that
