

Blaque, Leny

Leny

I, I wanna hear the whole song now anyway
Your love (yea, your love)
Runs through me
Like the rain (Like the rain)
(I like that, come on, yea, yea, yea)
Oohh and I like it (woo)
When you show me
That you care
(You show me it drives me insane, ha)
Oohh Leny

Chorus:

Leny
Love Everlasting
I Never wanna be without You
Leny
Love Everlasting
I Never wanna be without You
Yo Yo
Check this out
Who said a brother can't buy you it
So give me mother give me alla this
Fine jewelry, I'm pawnin' it
Forget where I'm storin' it at
Matter fact I just see you X the club
Givin' women much love
For you givin' the mugs
Super crushin' the cup
Is that the one you said
You would die for
The one you said
You would lie for
Leny gimme love (wha wha wha wha)

Lovin'
Reminisclin'
About your ways
Things that he does to me
Got me thinking about you
In any way
The way you make me feel
I knew that it could only be love
I miss you
And I hope that I
Could be the only one
You're always dreamin' of

Chorus:

(Huh huh, yea yea, wha wha)
Everybody knows I'm the capital
Diva girl nonchalant
I think not
Protocol then I back shootin' cracks
With the dola dolls
P. Knuckle face I erase
All them fools on a paper chase
And dime chasin'
I'ma keep on shining like ice sheets
Remember me by my wha wha wha (ha ha)
