

# Blasted Mechanism, Blasted Empire

We're the blasted mechanism empire  
We're going full throttle  
Get a grip  
We're supersonic  
So buckle up  
Step in the fire of this fatal attraction  
The oportunity comes once in a lifetime  
Communication through a parallel dimension  
Yeah feel the power of the blasted empire [2x]  
Imagination  
Revolution  
Creation  
Explosion  
Murder, murder  
Killer attitude  
Murder, murder  
Amplifying magnitude  
Deep down on the ground  
Feel the beat, killer sound  
Running in and all around  
It's the blasted empire  
Step in  
Running at  
Shoulder to shoulder  
With the heart beat, drum beat  
Rythm on the basseline  
Ragga moves on the groove  
Blasted maneuvers  
Hang on  
Trust the mechanism's rewire  
And so, we're moving  
Moving with our own style  
And we can groove them  
Yeah, with the DJ playing  
And we'll be dancing along  
Be gone, don't you know  
We're gonna take you high  
Make all the troubles go  
Yeah, we'll push it up for the same side  
Prepare yourselves for the turn on the wheel of life [2x]
