

Blaxy girls, Dear Mama

I:

Every word that keeps my smile alive
You were always there to set me free
Cause you're dering deepens all on blind
You can clear my eyes against the sea
Thinking 'bout propoling r& b
And for everything you did to me
You know I need your smile to stay alive
Can't you see...

Refren:

Oh, dear mama I really need your eyes
Oh, dear mama you're my defence
Oh, dear mama I can't breath thinking u my try out
Oh, dear mama come to me,me

Bridge

2x: Can you belive that you can't receive
You're the kindest person I ever know
How many you've tried
Keep me alive
Every world

You are present in my every pray
I fell bless if you can brish this day
When you smile it means a lot to me
If you cry I pray to set you free
Please forgive me if I made you cry
Every day I just keep asking why
My behaviour took your smile away
But you see..
