

# Blaze Bayley, The Tenth Dimension

Those self appointed secret rulers of this world,  
They are hypocrites liars and thieves.  
And with the arrogance that they confuse with wisdom  
They are controlling everything and you and me.  
They rule with fear and hide the path to freedom,  
Manipulating with their conspiracies.  
Inventing gods to make us fear the day of judgement  
So dreading death we beg for life while on our knees.  
(Here I am) Standing in the darkness  
(Here I am) Surrounded by the night  
(Here I am) Standing in the darkness  
(Must I be) A stranger to the light  
For all my questions they said they had the answers  
But then they said this is all my life could be  
I ask again about the reasons for existence  
But still the answers cannot satisfy my need  
(Here I am) Standing in the darkness  
(Here I am) Surrounded by the night  
(Here I am) Standing in the darkness  
(Must I be) A stranger to the light  
Oh-oh-oh, freedom is here in the Tenth Dimension  
Oh-oh-oh, freedom is here in the Tenth Dimension  
Their holy trinity  
Traps you in their beliefs  
Has synchronicity  
Always been leading me?  
Their holy trinity  
Traps you in their beliefs  
Has synchronicity  
Always been leading me?  
(Did you think we would allow you to share the discovery?)  
(Here I am) Standing in the darkness  
(Here I am) Surrounded by the night  
(Here I am) Standing in the darkness  
(Must I be) A stranger to the light  
(Here I am) Standing in the darkness  
(Here I am) Surrounded by the night  
(Here I am) Standing in the darkness  
(Must I be) A stranger to the light  
Oh-oh-oh, your freedom is here in the Tenth Dimension  
Oh-oh-oh, your freedom is here in the Tenth Dimension
