

Bleach, Drive

120 dB to blast your brain
Crusin' down the strip in my Chevrolet
Ten below but I got the window down
Cause I want the world to hear me rockin' out

I want them to get it good

I wanna wanna wanna Drive Drive Drive
Saturday night and the streets alive
I wanna wanna wanna Drive Drive Drive
There's more I'll show you more

This is more than just a weekend thing
Out every night to where the monsters sing
Righteous sounds pumping out my stereo
It's Jesus and my four wheel Vaudeville show

I want them to get the goods

I ain't afraid of rockin' out
These super sounds are gonna knock you out
I ain't afraid of turnin' it up
I wanna show my Father's love
