Tsunagaru oto ga komaku wo tataku tsutau kotoba ga mune wo furuwasu
A sound that connects beats against my eardrum, conveyed words are shaking in my chest
Tobigau hikari nejikureru kage abaremawaru genjoku no RIZUMU
Light that flies, curving shadows, rhythm of a color that runs wild
Tachikuramu mayonaka ni nani mo kamo wo tebana shite
Standing and dizzy in the middle of the night, just about everything is released
Namida mo nagashitsukushita nara
In case, the tears along with them, flow and run out
Utsumuku koto ha mou nai kara
Because I havent hung my head down just yet
Asayakeru sora mezameru kimi ga kizamu hajimeru tashika na hibi
The sky whose morning burns, you who wake up, begin to carve a day that is certain
Sono toki no naka kono koe ha hibiitekureru darou ka
In that time, will this voice echo for me?
Kikoeteru nara todoiteru nara ude wo kazashite misetekure
If you hear it, if it reaches you, show me by holding your hands up
Mada chiisakute koboreru sou na hikari de mo
Yet its small and seems like it will overflow in this light

Sumashita mimi de hirakareta me de nidoto nai kuuki wo kamishimete
Using my cleared ears, using my eyes that were opened, I wont take in this atmosphere again

In a vision that I realized, as well in the present, it is breaking
Kokoro ga sakebi tsuzukeru nara
In case my heart continues to scream out

to where things like mistakes arent
Asayakeru sora miageru kimi ga motome hajimeru hitotsu no yume
The sky whose morning burns, you look up at it and begin to search for that one dream
Sono sugu soba de kono koe ha hibiitekureru darou ka
Immediately by your side, will this voice echo for me?
Kikoeteru nara todoiteru nara ashi wo narashite kotaetekure
The sound of my feet, if you hear it and if it reaches you, please answer me

Even if I stumble and turn around on this endless path
