

# Bleach, Heartbeat

Its been a long long time since  
Since Ive spent some time with you  
Im seeing lonely moments  
Seeing lonely truths  
A distant tone has come to me  
And now I find Im missing  
That old familiar tune  
A song your heart has played me  
A rhythm I once new

So lay me down at your feet  
And sing the words that you know I need

Cause Im here I want to hear your heartbeat  
Please put your love around me  
And just let me know  
That youre here  
Now Im an arms reach from you  
From the lover of my soul

And so I'll fight the current  
Ill fight the undertow  
Help me swim away from  
Where my weakness grows
