

# Bleach, To The Top

You climb to the top you never would stop  
To look at the bodies you left on the floor  
With knives in their backs you made your attack  
And now you're thirsting for more  
But someone is gonna have to pay

You never looked back  
And you're an attack on everyone you come into and  
You never would stop until your enemies dropped  
But now you're climbing the ladder

But someone is gonna have to pay for all  
The innocent blood that was shed here today  
Someone is gonna have to pay for all  
The innocent blood that was shed  
But your hands are stained red

Someone is gonna have to pay for all  
The innocent blood that was shed here today  
Someone is gonna have to pay for all  
The innocent blood that was shed  
But your hands are stained red

There is hope for the humble  
And there are mansions for the meek  
There is life after this life  
The pure in heart will receive  
There is power in the knowledge  
That we are all so frail and weak  
So try to hold on  
It won't be long  
Try to hold on  
Cause we're moving on
