

Bleed The Dream, Overcrowded Room

She showed up wearing red,
She's all inside my head,
While we were,
Standing in this overcrowded room.

The essence of your eyes,
Makes me just want to die,
And I can't stand the way they'll never look at me again,
I think about you every night,
And though we couldn't make things right,
I'm waiting for the time we'll share the same bedroom again.

Don't go,
I'm gonna make you stay with me,
Till I'm through,
(Standing in this overcrowded room)
And please, make me brand new,
(Standing in this overcrowded room)

I know you're on my side,
I know you've doubted once or twice,
And I don't know if I could be the same person again,
There's something you should know,
It's so easy for me to say "no,"
'Cause you're the only one I want to be with in the end.

Don't go,
I'm gonna make you stay with me,
Till I'm through,
(Standing in this overcrowded room)
And please, make me brand new,
(Standing in this overcrowded room)

I know you're on my side,
I know you've doubted once or twice,
And I don't know if I could be the same person again,
There's something you should know,
It's so easy for me to say "no,"
'Cause you're the only one.
