

Blenders, Can't Get Over You

girl
there comes a time in your life
when you know that the feeling's right
yeah
now i know
i took too long
to realize that now you're gone
yeah

i shoulda known by the look in your eyes
that it was over when you said goodbye
no other girl can make me feel like you do
i know it's over but i'm missing you

[chorus]
the day you left
girl i can't forget
oh, what can i do?
when i can't get over you
i think about it
every night i dream
you'll come back to me
cuz i can't get over you

when
i found my love inside
should've given it all to you
whoa, and honey
i wish that you only knew
this pain that i'm going through
girl i need you

i shoulda known, by the tears in your eyes
how much you love me when you said goodbye
no other girl can do the things that you do
i know it's over but i'm missing you

[chorus]

i tried to love another girl but she'd only
only reminds me of you
no other girl can take your place in my heart
i just can't live when we're apart

[chorus]
