

# Blessid Union of Souls, Let's Get Out Of Here

We walked in sat alone in a corner and faced the wall  
Hiding behind the fear and shame  
We talked but I just listened  
She was sorry for it all  
And that's how I found out my name  
So I said

Why can't we talk it over?  
It doesn't have to end this way  
Don't you think I should have a say?  
Can't we just talk it over?  
I must not pay for your mistakes  
Let's grab our things and leave this place  
Let's get out of here

It's not that I blame you for the human that you are  
Just for the faith that you don't have  
And I know you told me a thousand times before  
That it's the best thing for the both of us right now  
But I say

Can't we just talk it over?  
Why does it have to end this way?  
It just seems I should have a say  
Can't we just talk it over?  
Don't make me pay for your mistakes  
Let's grab our things and leave this place  
Let's get out of here  
Let's get out of here  
What are we doing here?

Cause I just question your intentions and your reasons for it all  
And shouldn't someone else be here with us or have you done this before  
And pardon me for sound so insensitive to your feelings but I  
I got feelings of my own and you're about to hurt them

So why can't we talk this over?  
There must be something I can say  
That just might make you change your mind  
And after we talk things over  
You'll see that we are not alone  
Let's grab our things and blow this place  
Let's get out of here
