

# Blessid Union of Souls, Walking Off The Buzz

Amy woulda died for me  
She woulda had my baby  
If I needed a favor, it was yes  
She never said maybe  
And all the times we walked barefoot in the sand  
somehow we never felt the rain  
Now I got nothin' but time  
She's got her life and now I've got  
nothing but mine

I could walk off the hurt, run through the pain,  
Wipe all the tears pouring down my face  
Deny the dream that just never was  
Oh, girl  
I just can't walk off the buzz

Amy used to call me all the time  
But she hasn't lately  
I wonder if she goes out at all  
and if she's dating  
And every time I walk alone along the beach  
somehow I always feel the rain  
So many times I wished for my space  
Now I wish I didn't feel so out of place

I could walk off the feel, crawl through the hate  
Beg you to forgive my every mistake  
Pretend you and I just never was  
Oh, girl  
I just can't walk off this buzz

Now that I'm lonely  
I see you were the only one, yeah  
Who ever knew me  
Oh, baby  
and could see right through me

I could walk off the hurt, run through the pain  
Wipe all the tears streaming down my face  
Deny the dream that just never was  
Oh, girl  
I just can't walk off this buzz
